Professional Learning Community (PLC) of Foreign Language Department

11 August 2023 The Foreign Language Department of Nonkhawittayakom School invited Mr. Thanongsak Sinsap and Mr. Arun Miadseena, the English Language supervisors of Ubonratchathani provincial education office for PLC activities. PLCs are a great way for teachers to share resources and ideas. This could include sharing lesson plans, activities, or assessments. It could also include sharing ideas about how to best teach a particular concept or skill. We would like to thank you the supervisors for being the lecturers. We appreciate your willingness to help
